1. This is Theodore Cottingham January 29, 2009 at about 2:45 AM and I give you me, have all of me you will – desire, eat, and FEAST upon THESE WORDS and what I have given you, that I have given you ALL of EVERY nation tribe and tongue -- of every nation tribe and tongue, shall know me now and, the fullness thereof -- shall be mine now, for my mind will have been made whole, for my mind is making me whole, not; but my surrender is, to it that which I have known now these six years and more. And more?

2. And more coming now, from every nation tribe and tongue to Israel establish right here. In this regard, not; or exactly so? I'm exactly sewing nothing, but I am GREETING a GREAT MANY School schoolers now, school making, schools making, birthing the birthers thereof to be the birth-makers supreme? That supreme me! Me that I am is the Surrendered One who requests all now to be The Surrendered One so that I can crown; their folly, not; their regalship in me, that I have for them -- inside them -- and awaiting have been these moments now for THE BIRTH that "fires the shot" that's heard "round the worlds" now.

3. And everything changes now for I have one who stands the standers who will stand and UNDERSTAND all things now and not be afraid about Religionized Sorrow that came in the world to overtake; and understand, not; but over control, or just overlord and under-you put -- their feet not under yours, but yours under theirs, head.

4. I love you all to understand these things and know them, or else you will captivated be by sorrow and continue to be decapitated and headless except for theirs. Not knowing it! For knowing only Religionated Sorrow you have in the fullness, THEIR FULLNESS that THEY have given you of their sorrowed ideas and ideologies and THEOLOGY a man of in flesh terms that deified themselves and images thereof -- and the controlling ones now will be sorrow-full great, and with child they were but they birthed not a child The Christ was, that was inside them all the time when they religionated sorrow and sold me "down a tube". Micro'd .

5. I love you. To understand these things. Will cause GREAT SORROW in some, for THEY CHOSE to love Religion and Sorrow, and alter it they do not want to do their course! They want to want THEIR WAY of want -ing and wanting more and more of THAT that never satisfies, but only wants to be fulfilled in its want, -ing machine and its DEBATING

machinery goes on and on that takes it down a whore's tube, -ules (as in microtubules). What am I saying? What do I mean? What is THE MEANING of THESE THINGS that I am, insinuating not, but coming unto the RIGHTEOUSNESS understanding thereof that I CANNOT remain a bastard of sorrow's child in understanding these things, for THESE THINGS "force" me to release all "the forcings" that were upon me and that gave me these ideas that WERE so IMPORTANT were to me in the past, or that I CHOSE to be so very important because THEY TOLD ME they were important, and I swallowed "their pills" and became "one of them" who sorrowed others with The Sorrower's tudes of religion and my altitudes became only one of their "altitude" down, here on the ground of Religionated Sorrow's earth, world that knew not the light for it forsook, forsaken had, the all of me that was WITHIN THEM all; in captivity making the whore, not; but The Christ, or BOTH!

6. What am I ASKING!
7. What am I TELLING!
8. What am I SEEING!
9. What are YOU seeing?!

10. I are writing it, will we now? Will you write what "I write" now seeing what I WRITE what WRITTEN is before you that TAKES you and FORCES you not to be a RELEASER of me, but a RELIGIONATOR NO MORE being ever again after you have come in these words and drank them and loved them and written about them so that you write them clean with a pure motive of, sorrow not, but love pure and pure love flowing TO YOU to MAKE YOU WHOLE and see with salved eyes and healed whole ones who hold you in THEIR ARMS, not; but their arms will be praising me — for I am not a "sinner saved by grace" as in the past, as in the Image of Image's Religion that religionates IMAGES and images me to be what you have called me, that which you thought, was another, and forcing upon yourself great sorrow with, there with, those definitions and vocabulary angles and that which you have "right-angled" me with many sorrows and acquainted with grief have been the Grief Makers Supreme that you THOUGHT were eradicating because of your "beliefs" in being another, that you needed, that you waited on, while you making were a living and causing Great Dread to come upon the earth, except for those who were outright it and brashfully so and wanting more and never satisfied being either. For who are THEY, or are they me also? Or are we us one, or is that our "shadow image" that we are creating over us to well us with ITS WORDS that give us the words of The Sorrower's sorrowed state mechanism of religionated sorrowers who sorrow only enter and create -- waiting for another, or causing compulsory religion to be accepted, as a "state of grace" and mercy and dependent on another making all -- for thoughts all coagulated and caused Webs of Deceit that coagulated Great Sorrower's methods into the METHOD of great sorrow that sorrow'd the, sorrowers not, but The Christ, who sorrowed is and have been and has been is still,

and waiting for what? Absolution from another? Oblation seeking? Forgiveness of sins from another, or forgiving theirs first so they can forgive others of theirs and all being The Priest that I am?

11. What have I said?
12. What have I asked?
13. What have I answered -- in asking, and asked -- in answering -- you to do, to be?
14. What PROCESS have I GIVEN YOU to BECOME THE CHRIST that you are?

15. The Christ you are -- are me! Is that plain, clear, and simple -- enough for you to understand, embrace and, coagulate not with your sufferings and intervenings-not that you perpetuate and perpetually give flight to what? Your GODSHIP OR YOUR SORROW? What is your "tude" about and what have you quested into, that which have made you Great Sorrowers? Giving up what? Forfeiting what, Christship of the most holy?

16. And who are you, where, and what are you doing there?

17. I have all these answers in these words that I have given you for six years and prepared I am I have and I have I am prepared for you to be I am. Do you understand that?

18. Will you SORROWED be no longer but will you be Christ'd and The Christ that all is in The Surrender School that I have prepared for you to be in so that you yours comes forth to school others WITHOUT SORROW encapsulating you in their image and imagery making whores out of you all that were Christs. Will you? I'm waiting, I'm waiting, and waiting not long; nor will I wait for another?

19. For I stand now the truth and whether "it hurts" you or not, I will stand the truth and the truth will be me -- before you all. And you will RECKON -CILE yourselves to me, or you will -- be me-not. The Saviors understand this, for the saviors become me, for The Saviors are me for, are you me -- all of you reading listening hearing these words seeing what in them? Being said, spoken, what? What "imaging" and DE-IMAGING? You to be DE-imaged now so that YOU remain not in "captivity's blessing" that took you and whore'd you to tubules micro'd have and think with thoughtster's sorrowings that gave you a mind to behold them as you.

20. Have I stated that correctly? You have to choose, you have to grow up, you have to mature, and you have to equate "angel wings" with "sorrow's sorrower's words" no more, and you will NOT BE ALLOWED TO FAIL, NOT! For you will be allowed to fail and reject The Christ that you are and you will FLY NOT into anywhere except your hell that

you have chosen to wait in while you be made another's whore to wait again somewhere else. And then?

21. I love you all not to wait in sorrower's clasp that religioner's sorrowers have created in Opinions Mighty that school you in theirs. Schools of the Mighty Many, not; but THEIRS are the schools of the Great Sorrowers and they have GRANTED many DEGREES in many things that have GREAT GRIEFS given you only the reward of attaining NOTHING in THEIR SIGHT except their CONQUEST of you GLOBALLY and USED you as their CARRIER of what THEY have considered IMPORTANT and lovely; and infinitude infinity and infinite blessing went whoring on the ground seeking money blithely slithely slithering along to wallow in, "humanity's dirt machine"?

22. What have I asked you?
23. What have I "asked" you?
24. What have I asked "you" that you think you are: The Christ or me, and what who did what how? And with what, what manner of means have THEY been so SUCCESSFUL at RELIGIONATING SORROWERS with each other's words that, created what? Me? How could I have been created by the sorrowers if I was, if I am, the King?

25. It's all clearly PRINTED OUT in these words if you will PRINT THEM and EAT THEM. Not the paper, but **THE PAPERS come forth now from ALL of you, for you will WRITE me far and wide, to GENE-IZE me** not of another's POOL OF BLOOD having, and telling ME that I have another's blood in me; for I have only one for ALL OF US are one, in MY father's, is perfect and pure and there is only one and that's all of us who surrendered are to be THE ONLY one that ONE is!

26. And that's no foolery of yours, not; that's priceless, "material" not, or is it, in The Real world? And where is -- the real world?, inside you?, or around you?, or that which you are "looking at"? And what is the visible empirical world and what's underneath, and OVER it? And OVER LORDING me no more with ITS grace and mercy that it teaches about inequity-ous being the inequity'd ones that know not what EQUITY is; let me teach you, let me King-ize you, let me King eyes I give you that are mine so that you will see THROUGH MINE being MINE that MY MIND is without your Sorrower's clothes on that you consider "flesh purposes" and the purpose of flesh to flesh flesh with flesh. Or what?

27. What are you doing now thinking, creating -- what, where? With what tools, words? Or thoughts that you didn't know where they came from or what they're doing? Or come from where how?, and at light what speed or darkness, in or creating or being, incarcerating in or being absolved, or being oblation's ceremony on THEIR altar? And who's sacrificing you now? Or are you the sacrificer that comes into the blood of the

lamb that sacrifices yours of your Separateness Thought? And now LAYS DOWN your "machine" that THOUGHT you into separateness -ville, and what tree takes you there? And what tree gave you yours, theirs, mine?

28. What tree is righteous, and what is splintered and holy? Or is any holy beside the one that father granted you to be, for you were the father not knowing it, that birthed the son, that Christ-child-not became, in your thoughts that you gave it? Grow up. Be a sinner not saved by grace or another, but the salvationer's stance of me now requires growth. And dignity not, but indignity none, but what is and that what shall be, not; or what?

29. Or will you be a diagrammer sentence researcher structurer, not; or will you exactly article-ize? And -ize me not, but will you give me YOUR EYES to see sorrowers that you have embraced so you will come out of THEIRS, and see mine Real World that real is, that yours is, that kingdom one perisheth not with the grave clothes of another that bestowed upon you only their words thoughts that took you to "their grave" and whored with YOUR CHRISTSHIP robbing you from all of it not, or did you lay it at THEIR FEET and give it to them wholeheartedly and unreservedly thinking you doing Me a favor?

30. I have blasted religion, haven't I? In these words, I have -- for you are the word, you are your words, you are the words of sorrower's mechanisms that have clasped you and strangled you and cut your head off and become the Christ-not and tude'd yourselves with that of "needing another" to redeem; and sore-boil yourself in theirs' blood with tude's remarks that only Web of Deceit make you incarcerated in, and leave you sore-wounded and wondering "who am I?" and "where did I come from?" and "why am I here?" and I have answered ALL of these things in these years of words that I have given you over and over in these six years that I have written, and sorrowed during much of that time while I brought forth the light, but I am sorrowed no longer, for I refused the light, not; I let the light shine in the darkness and even though I was in it and felt it, I knew the light was truth and in me it was coming through me and I held but not back, I let it come from the "North South East and West" as it were, for all directions were in me for I became directionless, not; I had the direction of The Christ for I gave it voice and I resisted it not, for I gave myself unto truth and I sacrificed my "lamb-ship" that I thought as a man with, and I let the "lamb of the flesh" die for I SACRIFICED it night after night, day after day as I wrote these words and brought them to you and offered them, an oblation for others' sins, not; or did I, have I, is that what I'm doing? With you?

31. What are you doing with these words? Will you pour them out on the ground before you and make them of no effect, or place them under your feet and stomp them,

and whip others who brought them to you? Or will you seek and save the lost which you were, that you was, that you are still in your religionated sorrow and its clasping mechanisms that take your Christship and grave it with clothes of another on you that you called flesh that "God gave you" and made you "in his" image but imaged yourselves with what you thought was your image so that you created a sorrowing mechanism that religionated sorrower's thoughts and thought with sorrower's dreams that gave you only waiting tudes to begin making a living to live a whore's life with whore's words in fields that never knew your dreams or mine, or were we one that whose head were cut off by the ones who were me that we were that did this to ourselves?

32. How could these things be? How can they be, still, being done -- to us, for us, as us doing them unto ourselves and each other still? In pews? On rugs? On earth dirt worlds, waiting for what?, worshiping what where?, repeating what words, whose words, important to who? Whose world are you creating, with your words? And what are you doing with Clasping Mechanisms around your throat that you've placed there with your own hands yoking yourself so that you can't speak my words that frees you from the whore's grave?

33. I blast religion and I am not afraid of you or your words or your mechanism of sorrowers that place things on your head you never knew, were there; or there still, being, laying your fields waste? What wasted, whose wasted fields are you in, or how was yours wasted or is it recoverable, redeemable?

34. Will you The Redeemer become of it? Will you redeem Israel, the one not made with hands? That eternal in the heavens is and right now going to being seamless with, and creating with, worlds of sorrow's words, not again; but coming out of it and being seamless with the real, redeem the unreal now?

35. Will you -- change your vocabulary? Your entire vocabulary, to be the King's? Will you be The King's word maker, not; writer? And making what in the process? New worlds and redeeming "old ones" or letting them know that they don't exist in the real, yet? Or will they or will I redeem them or you? Is that the question, is that the question, what are you doing with "your power" or have you any or do you know that you can create or redeem or both?, and what are you doing, making a living with your "body" of flesh, and your thoughts that create needs for others to fulfill in ways never demanded or commanded by the God who serves you, what? Who serves who? Who has taken your servantship and demanded that you serve them? When all along you are the God who serves others? Who, what, do you say?

36. Did you say something else, I missed? **I said six years worth of words form now Database One (1) and, are important? Vital! Vitally important and necessary for growth that you NOT OMIT the "early words" that I gave you in Volume One and EVERY Volume of Me now is important and vitally LINKING THESE WORDS now**; sorrowers will have no use for you and blame you and heretic call you many will, not knowing the truth of The Blessing but want only their want and control to perpetuate and their beliefs systemizing sorrow that systematized them with their systemic blessing-not that ROBBED them and took them into the graves of flesh and religion by sorrower's tudes and schools that gave them what was important or what "they thought"" was important to their choice-maker's choices who choiced them to eat them as lambs.

37. Not knowing better? Remaining a fool? Or who Christ'd you? Or are you both, still, not; for you are unreal or you're me and I am Christ'd Christ, the one who Christ is in The Blessing that my father is that makes me The Father. Of captivity not any longer, I am of the world The Real is. And I am sorrowing not any longer with your tudes of religion or values that you gave me that I learned faithfully and sore'd myself with for years. But I value "certain words and concepts" not, I value the truth. And your truth, not; I value mine, that I have given; the Lord over me, not again, nor do I overlord myself over others, for I know the truth and I am one with everyone who one is, and I no longer take for granted these things or any things, for I need no things, for bodyless I'm not, seeking another.

38. I am full of TRANSPARENCY and I exist in *only* the real, not; or do I exist APPEAR here before you all walking "as a man woman and child" now on this earth who surrendered are, who The Surrendered are, who schools make in, many locations, not; every "location" will be A School of The Christ that reveals now The Christ is ALL OF YOU who in, suffering will be no longer. For I give you the key -- I have given you me! And I am full of light, in fact I am -- only light! I am the -- only light, and I am the way, the truth thereof, and the wholeness of holiness supreme; that now makes you serve me, not; the opposite! I serve you and you serve us, or do we become the King that Kings each other that no one has a need of anything else for we create worlds, and sorrow we know not again, for our power is developed and exercised correctly according to our father's, wants not, but surrenders, that surrenderers make in clean worlds that have no sorrows or shadows again. Amen.

39. I love you all I love you all I love you all. Amen.

40. Go in peace. Schools establish! Of the devil no more, creating it with your thoughts of thought that others gave you to create it with, therewith, there with it being

created in you thereby creating suffering all around you about you. No more of that again! Thank you. Amen. I love you all.

41. GROW UP reading again have we you yet? Are we one "yet dad" looking up? And reading, caring, writing, memorizing, articles making many and courses now establishing far and wide that reveal; "the sinner saved by grace" no longer, but The King has ARISEN SCHOOL!

42. Far and wide I do these things now before you all for I am -- the surrendered, and all who are me write my words and love me and create me -- right there -- to be now now'd with me that now timeless are the ones who one is and I King all to be me, and there are no sorrower's graves in my kingdom ever again; or has there been in yours? Or do you know your kingdom or about it, or will you now be taught, will you learn?

43. *Will you let me teach you -- who you are and what you have and; "about your kingship" not, but becoming the King for you must become the King to see it and you must enter it to see it and you must see it to enter it and become it and this is developmental process -s that I have given you – that I have shown you in these words (1) that I have called complete*, not for all of you, but for one it is begun in ways never imagined, for I accelerate exponentiate the exponentiater who loves now and laid his life has down for you all to be me mine understanding all these things and not encapsulated in sorrower's grave clothing devices again taking you to whore'sville's graves and calling it good anymore. Amen.

44. I blast religion. Have me whole and never need religion again. I blast out of "that suit of yours" now and you shall have no headless needs, you won't know what a need is, not; but you will heal many from needing one, to make mammon'ers and religioners there where they have been incarcerated in hell's beau.

45. I love you all and I give you a New Day in School creating them far and wide in the JOY SCHOOLS of bell'd filled, sorrowers not, but the fullness of ringing now, will be heard; my standards, of joy that I, placate none with, for waiting on others.

46. See what I have said and write me well, and I love you, bless you, and honor you all who will let me.

47. Be tender with each other, kind and loving-hearted and kindness, forgiving all of every sin, every demeanor and those who have demised you in their eyes. Forget not their sorrow, not; but redeem it with your blood whose mine is. For we have only one and it is ours that our father's is that one is, not two any more again ever shall have

been twained; but one being now, all ours, the word of our mouths made clean that one is speaking the one language of love to each other now, never incarcerating others in webs of deceit, but being clear light!

48. Machines not, but the most Christ'd Christ in full blessing of regalia clothed in the new words of love that reveal that all is love, in sorrow not again. But the clothes of sorrow evaporate, not; but eradicated will be, in the love of one; the lovers who are me become me now at lightspeed, not; or even faster, on, and loving each other I do now each of you to be my head, all one head, the head that I am my father's is, my father's is; and I am my father grown. I was the son I didn't know that I waited on, that now I grew into and became his father's father that one father is, that all one are now understanding all these things, for I am complete in Database One's words that have given you the way, the path, the power grace and glory mercy and peace; the tude'ship of one that dies, the lamb's wool not to be bleated of another again, but brings you out of whoreship school and lets you grind-mist be in their grist mills no longer; but being trained for the Christ by the Christ, Christ being fully developed and matured Christ worlds now with your words that know no sorrow's blessings again. But only yours shall be stated for our words shall be one's words and ones shall be ours, the one that truly one is in the Real World of the universe that knows no sorrows or tears again of flesh or other or else; for all Elsa's and Elmo's will be the redeemers I am, and you will be me all of you I am; for I have died to bring you these words and honor you and lay them at your feet, and now you will choose, for you are the honorer of the King becoming the King, or you won't exist. Or will you exist in another hell having insisted on creating it with your rejection of your Christship here?

49. I love you all. I honor you who love me, who love these words, and kiss me, not; I honor you all for I know you are the Christ who you really are at the core of you, and the kernel of you will no more sorrow your seed, for you will grow unto the tree of light, for I have given you the light of one to shield you no longer in shadows of sorrow, but to bring forth your "photosynthesis" not, or have I exactly, breeding your blood to be mine, not; or is it already? But you tainting it no longer with your own words that twist your sorrower's DNA into theirs or theirs into yours or making of you whore's blood again, sacrifice not the lamb of another or others; but what will you be, your own altared one at your own priest school ship making priests the King that the Kingpriest is, the Christ whore'd no longer but regally clothed, not in timespace's blessing, that gravity -'s pulled apart, but what?

50. I love you all, saints and sinners alike to be me, and no distinction will be made, not; the distinctly me will be the servers of all who God is, and it will only be one, and who? All will be me.

51. I love you all. Grow up and love me more and love my words in yours be mine, our hearts one, and one heart in one blood flow my words are. Again healed. Amen. I love you all.

52. New minded in the New Beginning Series -- love me more and write me about me. And you, go now to where I've told you the King be, the King lives, and let the King out now that lets you not be remaining in flesh suits tied to the ground any longer. I flight have and I fly and I teach how and Flight School I inaugurate now (2) in ways never imagined, for I shall be me before you, and I shall bow before you to let me in you in me and us be one as one we were and are again now most high. Loving you all. I am. Amen.

53. Theodore Cottingham here right at 4 AM. I love you all. Amen. Thank you so much for letting me bring you these words that you have heard, read, listening to, listening more and writing about and caring and letting yours come forth that mine are.

Amen
